MEMORANDUM FOR: Chief, Facilities Management Group
Office of Logistics
Attn: Parking Coordinator

THROUGH: Chief, Administrative Staff
Intelligence Community Staff

FROM:
Chairman, COMIREX

SUBJECT: Parking Requirements for COMIREX Staff at South Building
Complex

1. This memorandum describes the parking requirements necessary to accommodate the COMIREX Development, Evaluation and Exploitation Group when it moves to Building. Our requirements are as follows:

a. Permanent parking places for staff and contract personnel who will be assigned to COMIREX at Central Building on a full time basis. Three additional spaces are needed for our government cars.

b. Visitor parking for 30 people who regularly attend Community and technical meetings.

2. I would like a commitment from CIA/Logistics that this allocation of parking positions will be provided to COMIREX. This is an important aspect of our plan to relocate to Building.
